

NEW MEXICO USBC RECOGNITION COMMITTEE

The purpose of the New Mexico USBC Recognition Committee is to solicit nominees for the Annual State Awards, Bowlers of the Year, and members of the Hall of Fame, review the submissions and present them to the board for approval. The committee recognizes that there may not be winners in every category in any given year. The committee also recognizes that it has a duty to review award criteria annually for appropriateness and applicability to the sport of bowling in New Mexico and to recommend any changes to the NMUSBC Board.

The State Association Manager shall be responsible for sending each association (manager, president, etc.) the appropriate award and/or nomination forms no later than June 15th of each year. The period covered this year shall be July 1, 2023, to May 31, 2024. The deadline for nominations shall be June 15th. Nominations postmarked after that date will be rejected and the association/individuals will be notified.

Award requests and/or nominations must be submitted on forms provided by the Recognition Committee and must contain complete information. Submissions made not using the proper form or not containing complete information will be disqualified and the association/individuals will be notified.

Award forms may be obtained by contacting the chair of the committee or by downloading them from the NMUSBC website, www.nmusbc.net.

The Committee Chair shall be the recipient of the nomination forms and shall forward copies to the other committee members to review. Submissions will be reviewed by the recognition committee and presented to the board for approval. Selection will be no later than August 1, so that the awards can be procured, and the winners notified in a timely manner for attendance at the Awards Presentation. Nominees not selected may continue to be nominated in future years. In case of a posthumous winner, the award shall be presented to the nearest relative.

Recipients who are unable to attend and receive their award(s) in person will have them mailed or hand delivered to them following the Awards Presentation.
